

The second day of the League of California Cities' January 2020 Policy Committee meetings began on Friday, January 24, 2020. An overview of the state budget and issues briefing was provided in a group session, while the individual policy committee meetings were held separately afterwards. The Environmental Quality Policy Committee meeting included the following action and informational items:

Action Items:

- Adoption of 2020 Work Program for the Environmental Quality Policy Committee: Set priorities for 2020 to inform the issues of focus for guest speakers and legislation (Approved)
- Update of Existing Policy and Guiding Principles: Review updates to League policy from new adopted policy and legislative positions from the last two years (Approved)
- Rule 20A Draft League Policy: Discuss new draft policy related to undergrounding of utilities via the Rule 20A program (Approved)
- Legislative Agenda: SB 378 (Weiner) Electrical Corporation De-energization Procedures and Reimbursement (Approved)

Informational Items:

- Overview of Parliamentary Procedures and Roberts Rules
- Committee Orientation
- League Strategic Goals for 2020: Learn about the League's 2020 strategic goals, as developed by League Leaders
- Overall Legislative Update
