

mmanc

Municipal Management Association
of Northern California

opportunity | networking | growth

Growing Local Government Leaders since 1950

developing local leadership

invitation to join

membership benefits

When you join MMANC, you join a vibrant community of hundreds of local government managers, senior managers, up-and-comers, and seasoned professionals who have made a personal commitment to developing local leadership in communities throughout Northern California.

Your membership in MMANC benefits you and the local government profession in a number of ways:

- **CONNECTING WITH EXPERTS:** MMANC members have a variety of opportunities to meet and engage with local government experts including city, county, and special district managers; executive recruiters; legal advisors and others who share your enthusiasm and commitment to excellence in public service.
- **UPGRADING YOUR SKILLS:** Take advantage of the opportunity to participate in professional development programs and training opportunities throughout the course of the year. Enhance your personal and professional skills and prepare for the next step in your career.
- **STAYING INFORMED:** Discuss current issues and common interests with successful managers and leaders to get information and ideas. Expand your boundaries and your knowledge base for every day, on the-job efficiency.
- **KEEPING IT LOCAL:** While joining MMANC connects members with professionals from Redding to Fresno to San Francisco, each of the five regions in MMANC hosts several professional development and local networking opportunities so you can learn about the issues that are most important to your area.

Members receive special MMANC member rates at MMANC, ICMA and League of California Cities events, providing an annual savings of up to \$300.

By holding their own events throughout the year, the MMANC regions allow members to build relationships with other dedicated and passionate local government professionals through shared experiences, brainstorming, collaboration and problem-solving.

Visit mmanc.org and join today!

where do you fit in?
